SWISS SCENT

COMMERCIAL SCENTING SOLUTIONS

*“Bad odors that do not disappear
may spoil your mood.. Don't worry,
there is a solution.”*

A close-up, soft-focus photograph of a flower petal, likely a lily, in shades of light pink and cream. The petal is the central focus of the left half of the page, with its delicate texture and curved shape clearly visible. The background is a blurred mix of light green and cream tones, suggesting other parts of the flower or a natural setting.

SCENTS

The image features several sprigs of dried lavender flowers, showing the characteristic clusters of small purple blossoms on thin, woody stems. The flowers are arranged in a diagonal pattern from the top left towards the bottom right, set against a plain white background. The lighting is soft, highlighting the texture of the dried petals and the structure of the stems.

OUR STORY

Our scenting systems explode the nano scent particles of bad odors and enables a homogenous and nice scenting in the whole area. Our professional scenting systems offer a final solution for any area that is permeated with and bad odor.

Our founders at Swiss Scent had the foresight to recognize the immense value our machines bring to event companies. We understand that in the dynamic world of events, creating an immersive and memorable experience is paramount. That's why our cutting-edge scenting solutions are not only available for purchase, but also for convenient daily rental.

Our machines have been meticulously designed to seamlessly integrate into event spaces, enhancing the overall ambiance and leaving a lasting impression on attendees. Whether it's a corporate gathering, a gala soirée, or a special celebration, our scenting technology adds an extra layer of sophistication and distinction. Elevate your event to new heights with Swiss Scent – where every moment becomes a fragrant memory.

THE PRODUCTS AND SERVICES

Our holistic services encompass knowledgeable guidance in choosing the ideal scent machine delivery system, smooth installation, continuous fragrance replenishment, and systematic system maintenance.

Swiss Scent commercial scenting systems are ideal for any sized area. Our fragrance machines feature advanced diffusion technology that converts liquid fragrance into a fine, dry mist and releases it directly into your environment and can be wall mounted or stand alone/floor standing.

DIFFUSERS

SWISS SCENT
COSMIC A5
FRAGRANCE
MACHINE

7/24 SCENTING MODE

According to the scenting and waiting period you can adjust your device for 7/24 permanent scenting mode.

STRONG FAN SYSTEM

The strong and silent system enables a quick and homogenous dispersion of the nano particles in the area.

NIGHT-DAY MODE

You can adjust your device for night and day working.

ADJUSTABLE EFFECTS

You can adjust device for 10-30-60 seconds permanent scenting mode.

Our Scenting systems explodes the nano scent particles of bad odors and enables a homogenous and nice scenting in the whole area. Our proffesional scenting systems offer a final solution for any area that is permeated with and bad odor.

SWISS SCENT

COSMO A6

PROFESSIONAL

WIDE AREA

FRAGRANCE

SCENT DIFFUSER

DUAL SCENTING CHAMBER

Thanks to its dual scent support it has the future of two different scenting capacities within single machine

NANO DIFFUSION TECHNOLOGY

Creates nano scent particles smaller than 0.01 microns that spread homogeneously and linger in the air

TOUCH SCREEN

With its 4.3" wide touch screen the cosmo A6. Is the world's first scenting machine with touch screen. You can control many functions through the screen without even entering the menu. For example, you can see the fill rate of the cartridges on screen and program the device quickly through its live interface.

TURBO

Thanks you to turbo feature you get double the performance and dual scenting

HOMOGENEOUS DISTRIBUTION

Thank to its powerful fan the cosmo A6 has the property to distribute scent not only in its located area but provides homogeneous distribution to all points of the area.

DAYS OF THE WEEK PROGRAMMING

You can adjust your scenting device to work on particular days of the week of your choice during selective hours or you can shut it off completely. With its advanced technology the cosmo A6, enables scenting just the way you want it, at the right day, at the right time.

PROGRAMMING

Contains 10 different program options for functioning and spraying durations.

STRONG FAN SYSTEM

Due to its strong and silent fan system the dispersion of nano particles are being realized quick and homogeneously.

DUAL SCENT

The cosmo A6 professional wide range scenting device includes two scent chambers and two independent working motors this feature enables cosmo A6 to perform different scenting at different times of the day

SADRAZAM

A photograph of several dark brown vanilla beans and a single white vanilla flower with a yellow center and red spots, resting on a light-colored wooden surface. A dark, semi-transparent triangle is overlaid on the image, pointing downwards. The triangle is divided into three horizontal sections by thin white lines. Text labels are placed to the left and right of these sections. The top section is labeled 'TOP NOTE' and 'VANILLA'. The middle section is labeled 'MIDDLE NOTE' and 'FLORAL, VANILLA'. The bottom section is labeled 'BASE NOTE' and 'CEDARWOOD, MUSK, VANILLA'. The title 'SADRAZAM' is at the top in large white letters.
